

Antenna Systems & Technology 2009 Resource Guide

Annual Resource Guide

The Resource Guide Features

- **DOUBLE Distribution!** 20,000 copies will be delivered to key decision-makers.
- Vendors will list products and solutions in two ways; by end-user industry and by product technology.

Including Additional Benefits

- Bringing together buyers and providers.
- Exclusive resource---readers will keep this issue.
- Generate leads all year long--trade show distribution at industry events for the next 12 months.

This will be the largest issue of the year. Don't miss out!

20,000 Qualified OEMs and Dealers in the Antenna/Wireless Market will be sure to hold on to the Antenna Systems & Technology Resource Guide.

If you're an OEM and want to reach dealers, engineers, designers, integrators or suppliers in this market, the Resource Guide issue is an absolute MUST!!

TARGET KEY DECISION MAKERS

Reach operations managers, corporate executives, design engineers, purchasing managers, product managers and key decision makers that manufacture, install, test and distribute antennas for Cellular/Wireless Applications, OEMs and System Integrators, Broadcast and Satellite Markets, Portable, Mobile/Vehicle, Military, Aerospace/Aviation and Commercial Markets.
